Dedicated software developer with 3+ years of experience in designing and developing applications. I am really looking forward to collaborating with your team to add additional value through my expertise and skills. I've gained adequate knowledge to operate effectively with less resources from my previous organizations.

## WORK EXPERIENCE

### Software Developer Phantom Smart Solutions

02/2023 - 04/2024

#### Achievements/Tasks

- Worked on the development of browser-based applications using React and TypeScript resulting in a 20% increase in user engagement
- Collaborated with clients to gather requirements and provide technical solutions resulting in a 100% satisfaction rate
- Collaborated with cross-functional teams to ensure timely delivery of project milestones
- Conducted code reviews, improving code quality and consistency across the team

### Software Developer Kycres Technologies L.L.C - Coimbatore

03/2021 - 01/2023

#### Achievements/Tasks

- Implemented Virtualization into our system to scroll hundreds of user's data smoothly, which decreased load time and user wait time significantly
- Worked closely with Senior developers to debug the issue and contributed to the codebase by implementing the required functionality based on the client's feedback
- Designing and developing E2E Automation Test scripts using Cypress which reduced manual testing cost and time by 40%
- Deep understanding of the business model and client's requirements
